

Millis School Library Teen Council

The Millis MS/HS library is starting a Teen Library Council where students can get involved with the library and its programs.

Overview:

Students on the Council will have a hand in choosing books to be added into our collection, create programs, contests, and displays, and assist in forming library policies and procedures.

Purpose:

The Council will act as a group to make decisions together to better serve their peers in the library. The Council would also be an integral part of the development of the School Library's Long Range Plan for 2021-2026.

Responsibility:

Those who choose to join the Teen Library Council should attend all meetings when possible and be respectful of the library and its rules.

This group would begin in December. Date and time TBA.

Please complete and return to MS/HS Library Staff

Name: _____
